

Summary of NUS Student Feedback Results for Abhik Roychoudhury

Overall, my teaching feedback from students has been well above average. The detailed student feedback for the last three years have been provided in this teaching portfolio, and they appear in the following pages.

Further, from the teaching feedback website maintained by SoC (<http://www.comp.nus.edu.sg/~feedback>) I extracted the following data. This website captures teaching feedback data since 2001-02, so only my teaching data since 2001-02 is reported in this page. *All feedback scores are out of 5.00.*

My teaching feedback results in each semester as well as the Department and Faculty's average score (averaged over all faculty members of the CS Department / School of Computing) have been provided.
